Thought Reframing Worksheet

ي ف ر عمل ا ث ل ث م ل ا

The Cognitive Triangle

Thoughts, feelings, and behaviors are interconnected. Changing one can change the others.

THOUGHT → FEELING → BEHAVIOR → (reinforces THOUGHT)

Reframing Steps

- 1. IDENTIFY the automatic thought (What went through your mind?)
- 2. NAME the emotion it creates and rate intensity (0-10)
- 3. EXAMINE the evidence (For and against this thought)
- 4. GENERATE an alternative thought (What would you tell a friend?)
- 5. RE-RATE the emotion intensity with the new thought
