

Progress Dashboard Guide

Identity Recode Planner

Purpose

To visually display progress, consistency, and identity alignment across the 30-day journey so you can see change over time rather than rely on memory alone.

Instructions

1. Update the dashboard once per day or once per week.
2. Use the same scoring system throughout the journey.
3. Keep the dashboard simple, visible, and easy to review.
4. Do not use too many metrics.

Section 1: Core Dashboard Metrics

Track the following scores weekly:

- Identity Alignment Score: []
- Self-Trust Score: []
- Commitment Consistency Score: []
- Decision Quality Score: []
- Emotional Regulation Score: []
- Environmental Alignment Score: []
- Evidence Strength Score: []
- Agency Score: []

Section 2: Baseline vs Current Comparison

For each metric, show baseline, current, difference, and direction:

Self-Trust:

Baseline: [] Current: [] Change: [] Direction: [Up / Down / Stable]

Commitment:

Baseline: [] Current: [] Change: [] Direction: [Up / Down / Stable]

Decision Quality:

Baseline: [] Current: [] Change: [] Direction: [Up / Down / Stable]

Emotional Regulation:

Baseline: [] Current: [] Change: [] Direction: [Up / Down / Stable]

Section 3: Trend Tracking

Track movement across time for:

- Consistency: [Improving / Stable / Declining]
- Alignment: [Improving / Stable / Declining]
- Evidence: [Improving / Stable / Declining]
- Decision Quality: [Improving / Stable / Declining]
- Emotional Regulation: [Improving / Stable / Declining]

What explains the trend?

Section 4: Weekly Reflection

What improved this week?

What became easier?

What became harder?

What behavior created the most evidence?

What support did I fail to use?

What should I focus on next week?

Section 5: Transformation Milestones

Track these milestones visually:

- ☐ First completed week
- ☐ First identity-aligned decision under stress
- ☐ First repaired lapse
- ☐ First high-consistency streak
- ☐ First major environmental improvement
- ☐ First strong self-trust moment
- ☐ First week of stable emotional regulation

Milestone Status: [Not yet reached / Reached / Sustained]

Overall Dashboard Summary

Current strongest area:

Current weakest area:

Biggest improvement since baseline:

Most important remaining gap:

Overall Transformation Status:

- ☐ Early stage
- ☐ Emerging
- ☐ Stabilizing
- ☐ Strong
- ☐ Highly integrated

Final Statement: The dashboard shows that my identity shift is currently...
